NOTE TO : C/RB

1. It has been decided that the Director, the Executive Director, and the Director, Office of National Estimates will be the ones to be concerned about the retirement planning and dates of retirement for the Board members. We are, therefore, relieved of any responsibility for supplying the normal advance notice and follow up in these cases.

2. This decision applies only to the actual Board members and not to the rest of the ONE staff.
